Re: QPL Product Evaluation, QPL 2013-012

Dear Ms. Hahn:

The evaluation of Ultra-Drain Guard Adjustable Frame Model, below grate catch basin and inlet protection, manufactured by ACF Environmental has been completed.

The sample and data submitted indicates that UltraTech International, Inc. Ultra-Drain Guard Adjustable Frame Model, below grate catch basin and inlet protection, conforms to Washington State Department of Transportation, Standard Specifications for Road, Bridge, and Municipal Construction (2012) Section 8-01.3(9)D. Therefore, it has been added to the Qualified Products List (QPL). A copy of the listing, as found in the QPL, is enclosed. The acceptance of this product will be code "3101". Acceptance code "3101" requires the field inspector to visually verify the product delivered to the job site is the product that was originally submitted by the Contractor and approved from the QPL. Note 'Restrictions' when present.

The QPL is available on the Internet at: [www.wsdot.wa.gov/biz/mats/qpl/qpl.cfm](http://www.wsdot.wa.gov/biz/mats/qpl/qpl.cfm).

If there are any questions concerning this matter, please contact Rob Molohon at (360) 709-5441.

Sincerely,

Kurt Williams, P.E.  
State Materials Engineer
