1043	Yellow	With Drain	1 Each	34" (863mm)	32.5" (826mm)	28.5" (724mm)	28 lbs. (12.5kg)	4

Description: A rugged polyethylene sump for single 55 gallon drums.

Application: Designed to collect and contain spills and over flows from 55 gallon drums during filling.

Product Features: The Ultra-Spill Collectors help you comply with EPA Container Storage Regulations 40 CFR 264.175.

- Molded sump catches leaks, drips and spills to help you comply with regulations and keep your storage area clean and safe.
- Compact design is perfect for satellite collection areas.
- Optional dolly is available for easier transports and portability.
- Linear Low-density Polyethylene construction resists UV rays, rust, corrosion and most chemicals for long trouble-free life of the product.

Composition: 100% polyethylene with UV inhibitors.

Helps you comply with: SPCC/ EPA 40 CFR 264.175

Additional Specifications: Optional Dolly available PN 0417

Disclaimers: Flammables Notice: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapors, static discharge and heat sources.
