

FOR IMMEDIATE RELEASE

Environmental compliance leaders unveil unprecedented warranty

Jacksonville, FL – June 25, 2015 - UltraTech International, Inc., global leaders in the environmental compliance industry announced today that their line of rotationally molded spill containment products will now be protected by a five year warranty, four times longer than the nearest competitor.

“We’ve led the industry in new product development, innovation, service and quality for years. It seemed only natural that we lead in this as well” said Mark Shaw, UltraTech CEO.

The warranty, which was announced to all of UltraTech’s distributors on June 23rd, will go into effect immediately and will cover the spill containment products molded at the Mentor, Ohio manufacturing facility. Details of the warranty as well as a list of products that are covered can be found on the company’s website at www.spillcontainment.com/warranty.

UltraTech International, Inc. was formed in 1993 with one goal in mind: to create the world’s finest offering of spill containment and spill response products. Since then, its vision has expanded into additional product categories and the company now features a product line that consists of over 500 unique products.

Focusing intensely on meeting customer needs in an innovative and cost-effective manner, the company has introduced an average of 20 new products per year. UltraTech's design and development team is credited with over 60 patents. They are industry leaders in spill containment, stormwater management, facility protection, construction compliance and oil spill response.
