

Sizing Template:
 Ultra-Parking Stop Protector
 Part No. 0902
 Type C

NOTE: This template is to scale (actual size).
 To check if the Ultra-Parking Stop Protector will fit your parking stop:

1. Print template. (Note: Set printing output scale to actual size)
2. Cut along dotted lines
3. Place the cutout on the end of your parking stop.
4. Measure the length of your parking stop (at the base).
5. If the cutout is the same size as your parking stop or slightly larger and the length is 73 inches or less, the Ultra-Parking Stop Protector will fit.

Custom sized/shaped Parking Stop Protectors are available if none of our stock sizes work for your stops. A minimum order of 400 is required. Please contact us for more information: 904.292.1611
