

# Ultra-Tanker Tourniquet<sup>®</sup>

Stop Leaks From Overturned Tanker Trucks, RailCars And Other Large Vessels

- Accidents, punctures and corrosion are facts of life. With a Tanker Tourniquet, however, you can minimize environmental damage, protect lives and save the load.
- These simple devices expand a chemical-resistant, flexible bladder to quickly stop potentially dangerous and costly spills.

Description:

- 8 magnets, spark resistant assembly
- For use with ferrous vessels
- Pressure Pump included
- Stainless steel backing plate
- EPDM sealing bladder. Chemical compatibility guide available upon request
