Ultra-Curb Guard Plus®

Protect curb inlets from oil, sediment and other pollutants in stormwater runoff

Streetside curb inlets can see a lot of stormwater. So any product designed to filter the water coming into one needs two important features: (1) the ability to handle large volumes of water and (2) the ability to stay in place when #1 happens.

We designed the Ultra-Curb Guard Plus to withstand the substantial amount of rainwater that curb inlets often receive. The heavy-duty foam inserts wedge securely into the inlet ensuring the unit stays in place. The polypropylene material, Ultra-Filter-Tex absorbent, and engineered design of the product allow it to filter large amounts of water without ponding or flooding.

Product Highlights

- + Quick and easy installation.
- + Modular design-build to any length.
- + Units can be quickly and easily connected to form longer lengths.
- + Wedge-shaped, heavy-duty foam secures unit in curb inlet.
- + Woven, polypropylene material provides high flow rate — will not cause ponding or flooding.
- + Helps comply with NPDES, 40 CFR 122.26 (1999) and TMDL requirements.

Part#	Model	Overall Dimensions in. (mm)	Absorption Capacity gal. (L)	Weight Lbs. (Kg)
9248	Ultra-Curb Guard Plus, 3-Foot	36 x 4 x 4 (914 x 102 x 102)	1 (3.79)	6.0 (2.7)
9251	Ultra-Curb Guard Plus, 4-Foot	48 x 4 x 4 (1219 x 102 x 102)	1.4 (5.3)	8.0 (3.6)
