## Ultra-Inlet Guard®

Protect drains and inlets **WITHOUT** lifting any grates

If speed of installation and convenience top the list of features you are looking for in a stormwater product, then the Ultra-Inlet Guard should be a serious consideration.

Heavy-duty geotextile material effectively removes oil and sediment from rainfall. And strong, rare earth magnets sewn into each corner make installation quick and easy.

### Product Highlights

- + Keeps dirt, sand, sediment, trash, and debris out of drains.
- + Quick and easy installation using built-in magnets — no more lifting of heavy catch basin grates.
- + Available in several sizes for street drains, and combination drains. Custom sizes also available.
- + Heavy-duty, material (non-woven, polypropylene geotextile) allows up to 92 gal/ft<sup>2</sup>/min. through drains.
- + Includes built-in overflow port to help prevent flooding and/or ponding during heavy rainfall.
- + Low-profile design can be driven over and is unobtrusive to traffic and personnel.
- + Geotextile material helps remove oil and other hydrocarbons from stormwater flow.

## Ultra-Inlet Guard - Standard

Part#	Model	Overall Dimensions in. (mm)	Weight Lbs. (Kg)
9160	Inlet Guard, 24 x 24	24 x 24 (610 x 610)	5.0 (2.3)
9161	Inlet Guard, 24 x 36	24 x 36 (610 x 914)	5.0 (2.3)
9162	Inlet Guard, 24 x 48	24 x 48 (610 x 1219)	5.0 (2.3)

## Ultra-Inlet Guard - Curb-Style

Part#	Model	Overall Dimensions in. (mm)	Weight Lbs. (Kg)
9163	Inlet Guard, 24 x 24, Curb-Style	24 x 24 (610 x 610)	5.0 (2.3)
9164	Inlet Guard, 24 x 36, Curb-Style	24 x 36 (610 x 914)	5.0 (2.3)
9165	Inlet Guard, 24 x 48, Curb-Style	24 x 48 (610 x 1219)	5.0 (2.3)
