

FOR IMMEDIATE RELEASE

Catch roof leaks and divert them away from offices and equipment

The Ultra-Roof Drip Diverter catches roof leaks with its large, vinyl-coated fabric and diverts them away from office equipment to the proper drainage point with a custom-fit hose.

Jacksonville, FL – Aug 24, 2015 - UltraTech International, Inc., leaders in the environmental compliance industry have recently added Ultra-Roof Drip Diverters to their innovative product line. Lightweight material and easy set up make the Roof Drip Diverters the ideal solution for any office leak emergency, and having a few in the closet will always come in handy. [Click here](#) to learn more or call at 800.764.9549.

Some of the products features are:

- Large, vinyl-coated fabric
- Standard hose hook up
- 10 oz.material
- Heavy-duty grommets in each corner

UltraTech International, Inc. was formed in 1993 with one goal in mind: to create the world's finest offering of spill containment and spill response products. Since then, its vision has expanded into additional product categories and the company now features a product line that consists of over 350 unique products.

Focusing intensely on meeting customer needs in an innovative and cost-effective manner, the company has introduced an average of 20 new products per year. UltraTech's design and development team is credited with over 60 patents. They are industry leaders in spill containment, stormwater management, facility protection, construction compliance and oil spill response.
