1147	Yellow/ Black	With drain. 2 Bucket Shelves	1 Each	124 ½" (3162mm)	61 5/8" (1565mm)	22" (559mm)	451 lbs. (205kg)	3

Description: A molded 535 gallon (2025L) sump designed to hold two IBCs side by side.

Application: For use in storing two IBCs side by side for easy access to each unit, while maintaining compliance with EPA spill containment regulations for two IBC tanks.

Product Features: The Ultra-Twin IBC Spill Pallets help you comply with EPA 40 CFR 264.175 and SPCC regulations, as well as maintaining a clean, safe work/ storage environment when utilizing your IBC tanks.

- Molded sump catches leaks, drips and spills to help you comply with regulations and keep your storage area clean and safe.
- Used for intermediate bulk containers (IBC), drums, or other large vessels (all materials stored must be chemically compatible).
- All-polyethylene construction resists UV rays, rust, corrosion and most chemicals for long trouble-free life of the product.
- Available with optional Bucket Shelf for either or both sides- catches small leaks or spills during dispensing.
- Grates are easily removed for quick clean up.
- One continuous sump holds 535 gallons – meets EPA Spill Containment and SPCC Regulations for two IBC tanks.

Composition: 100% polyethylene with UV inhibitors.

Helps you comply with: 40 CFR 264.175

Additional Specifications: Removable Grates for easy clean-up (24"x48"x4" (610mm x 1219mm x 25mm)) Optional Bucket Shelf PN 1160 (19 ½"x16"x 14 ½" (495mm x 407mm x 368mm)) 10 lbs. (5kg) Capacity: 3 Gallons (11L)

Disclaimers: **Flammables Notice:** If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapors, static discharge and heat sources.
